

**V O L V O**

# OUR THREE PROMISES TO YOU

You'll find these in all our cars today

## **PROMISE #1**

# **WE UNDERSTAND YOU**

Life is more hectic than ever and we design our technology to be intuitive and easy to use. We believe in making life less complicated and provide many standard features that support this.

**Volvo On Call** allows you to control and monitor your car from your smartphone.

**Scandinavian design** is visible in every detail to create a relaxing and beautiful environment. Luxurious materials and elegant finishes pay homage to the style and craftsmanship of our homeland.

## PROMISE #2

# WE PROTECT WHAT'S IMPORTANT TO YOU

**Volvo Cars Vision 2020** states that no one should be killed or seriously injured in a new Volvo Car by the year 2020.

We develop our **safety technology** with real world experience and data. This technology includes advanced semi-autonomous drive – the first step on our journey to offering fully autonomous drive capabilities in the future.

In addition to protecting you and the people and things you care for, we continue our focus on minimizing the impact on the environment – with our advanced and efficient **new engines** and Twin Engine plug-in hybrid technology.

## **PROMISE #3**

# **WE MAKE YOU FEEL SPECIAL**

While other car manufacturers start with technology, we put people first. Our Scandinavian design creates an uncluttered sanctuary with handcrafted materials and cutting-edge innovations that enrich your driving experience – every time you get behind the wheel.

So if you have any questions, please feel free to call us at **1-800-458-1552** or visit us online at **[www.volvocars.com/US](http://www.volvocars.com/US)** for the help or support you may need.
